NO SPRING MEETING.

The State Fair Association has decided against the 26th of April.

Yesterday afternoon the board of directors of the West Virginia State Fair Association met again to further consider the proposition of certain eastern sporting men to give a running meeting on the track of the association in June next. The board at its last former meeting deferred action in order to inquire into the antecedents of the men making the offer. As a result, they have decided to refuse to lease the grounds. While they would like very much to secure the extra revenue in the summer season, they were afraid the spring meeting, with the racing of the association's own racing in the future.

General Sporting Notes.

Sammy Nichols leaves on the 25th for Kansas City.

Last night a cocking main took place near the city, between Pittsburgh and Slatersville birds. The result was a draw up to an early hour this morning.

The Linden Grove bowling games on the 27th and 28th promise to be well attended. The local team is in fine form. Wheeling should win a majority of the games played here.

Wm. Brown, at Columbus and Jack Glasscock at St. Paul, the Western league can make a good start on an "Old Men's Home." Possibly the vets will surprise some of the youngsters, though.

New Castle is still signing players. If the club there had displayed some of its present enterprise by attending Wednesday's meeting there might not be so poor a prospect for professional baseball in this section just now.

Billy George and Jack Glasscock will be signed to play at St. Paul. George will be placed in left guard.

Dan Crotty left for San Antonio (Texas) where he will captain the team of that city in the Texas league. In form Crotty is a top-notch second baseman. He should do well in the Lone Star commonwealth.

TREND OF TRADE.

General Business Situation is Anything but Encouraging.

NEW YORK, March 20.—R. G. Dun & Co.'s weekly review of trade, which issues to-morrow, will say:

A movement toward better things is still the exception. There is better business in shoes and small industries and there has been squeezing in short sellers in cotton, but the general tendency of industries and prices is not encouraging, and those who were most hopeful a month ago, are still waiting, not so hopefully, for the expected recovery. Causes of continued depression are not visible. Bad weather has cut off much business and especially in country districts. Some failures of consequence have caused special caution.

THE DEADLY PARALLEL.

How Two Departments of an Evening Paper Got Mixed Up.

When Mr. George Moreland left town after the break-up of the Inter-state league, the Intelligence gave as an item of news the fact that he left without settling with the St. Paul team for his board. There was a statement that he left as stated. Last evening the hotel received a check for the amount due. In this connection the funny break of the sporting writer of the league, ranged alongside an editorial in the same issue, is really side-splitting.

WHEELING NEWS, MARCH 20.

In view of recent George Moreland, experience, the next day, about whom many Pittsburgh men who came to Wheeling to start a base ball team were made in a venue should at least be given the opportunity to give his board bill. The editorial, "The Iron Industry Shows but a Slight Average Decline in Prices, as combinations insist upon the highest prices of late year, as the demand is naturally curtailed. Quotations are deceptive because lower prices are constantly made to secure business. But with ore and coke combinations demanding high figures, hesitation is inevitable. Minor misprints quotations here erroneously last week, sell at 50 cents."

The market in wheat has been weak, though rather stagnant, but weight of acts is felt in western receipts for three weeks of March have been \$3,821,481 bushels against 5,624,929 last year.

Failures for the week were 261 in the United States against 275 last year, and 40 for Canada against 53 last year.

A DOG DETECTIVE.

He Succeeds in Unearthing \$1,000 Worth of Stolen Postage Stamps.

NORWALK, Ohio, March 20.—A dog on the farm of Mr. Delamater, just north of this city, yesterday pawed up a package buried under a corn shock. It contained over \$1,000 worth of postage stamps, two revolvers and a kit of burglar's tools. The package was turned over to the authorities and several officers lay in hiding near the scene.

NEW ORLEANS RACES.

NEW ORLEANS, March 20.—The one hundred and second day of the Crescent

seems that Call got the best of Allen in the little encounter, and Allen made an excuse to go and get a drink of water. Instead, Allen went up stairs and procured a pistol and returned shot Call, the ball entering near the groin. In attempting to disarm Allen, the pistol was again discharged and Allen was shot in the leg. Call will probably die. Allen's wound is not dangerous.

GOOD HEALTH GOOD HUMOR

It isn't much trouble for a really healthy man to be good humored. Jollity and exuberant health are a proverbial combination. The hearty man who is always laughing doesn't have any trouble with his digestion. It has been said that laughing makes people healthy. The truth is that health makes people laugh.

There isn't any other thing so essential to health as regularity in the action of the bowels. Most all sickness starts with some derangement of the digestive functions. Good digestion means good, pure blood, and that means strength. Once let the bowels become clogged with refuse matter, and the whole system is deranged. Impure, poisonous matter gets into the blood and plants the seeds for all sorts of sickness.

Whenever there is a stoppage of the intestinal action, help should be given immediately. Usually a mild, gentle laxative is all that is necessary. A violent, wrenching, griping cathartic is never needed. Dr. Pierce's Pleasant Pellets are the most pleasant and successful remedy for occasional or chronic constipation, or costiveness. They are tiny, sugar-coated anti-bilious granules that even the smallest child can easily take.

They act in perfect accord with nature and produce no griping or other disagreeable feeling. They should be taken at the first indication of digestive trouble. They stop sour stomach, belching, "heart-burn," flatulence and sick headache. They cure constipation permanently. You can stop taking them after the bowels are thoroughly regulated. Their help lasts. You do not become a slave to their use as with other pills.

It not only is so, it must be so. One Minute Cough Cure acts quickly, and that's what makes it so. Logan Drug Co., Wheeling, W. Va., H. F. Peabody, Greenwood, and Bowie & Co., Bridgeport, W. Va.,

IF THE BABY IS CUTTING TEETH, be sure and use that old and well-tried remedy, **MRS. WINSLOW'S SOOTHING SYRUP** for children's teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle. **mwf&w**
